

Position Information Secondary RE Curriculum Resource Developer NCRS - Terms 1 & 2, 2017

Application form: <http://www.tci.ac.nz/ncrs-rd>

General

NCRS wishes to second someone with experience, sound knowledge of the curriculum and a real enthusiasm for producing good resources for Religious Education in Catholic Secondary Schools. We're conscious that many teachers are doing this anyway but would love to have a bit more time to really invest in creating quality material. This is a chance to be seconded to NCRS for **TWO TERMS**, at the beginning of 2017, to do just that. After which you will be able to return to school reinvigorated, and happy to know that you've contributed to the national collection of RE resources.

Feedback from schools, and analysis by NCRS have highlighted a number of priority areas and we are looking for someone to particularly work in the following fields. (NB. Applicants are invited to choose one or more areas. The actual role is flexible enough to accommodate a range of abilities and goals.)

Sexuality/Health

Do you have a real interest and skill in sexuality/health education? Are you familiar with contemporary Catholic teaching on sexuality? Are you enthused by the thought of creating resources which engage and educate young people in terms, of hau ora and their Catholic Faith? Are you keen to work with others to offer and take advice in producing material in this important and complex area of Catholic education?
